Kathia Anastal  
Counselor

Angela Fortson  
Counselor

## **Parent Corner**

High school students will take YouScience this year. This is a career guidance tool that will match your child's natural abilities with their passions. This program is meant to expose students to a range of career opportunities that fit their skills and get students thinking about their future.

Click this link to learn more about YouScience  
<https://www.youscience.com/hsparents/>

# YouScience

**What is YouScience?** YouScience uses a series of brain games to measure your aptitudes (abilities most important to career success). The results include a review of your natural strengths and interests, and matching to 500+ careers (with detailed information about each career like salary, a day-in-the-life, etc.).

Check out this video to learn more about how **YouScience** can help you plan for college and career success:

[www.youscience.com/whatisys](http://www.youscience.com/whatisys)

**Directions for taking YouScience: You must take YouScience on a computer (no tablets or phones). The brain games will take about 90 minutes total for you to complete, but you do NOT have to take them all in one sitting. You can log out after completing any of the individual exercises to take a break. If you have any questions as you are taking YouScience, please chat in on their website using the blue chat button in the bottom right corner. Click on this link for detailed instructions on where to find YouScience and how to log in <http://bit.ly/youscience-easy>**

**Your Results: Once you finish your brain games, you will receive your results in 12 hours. To view results, log back into your YouScience account.**

---

## Upcoming Events...

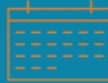

Did you know that ACCA is hosting a Virtual Event on Thursday, October 29th at 6:00 p.m. to help you unpack your YouScience results? Scan the QR code below to access the event links.

---

Scan this QR Code to access the Zoom links for October 29, 2020 virtual session.
