FY25 Budget Parameters

| FY25 School Priorities | Rationale |
|---|--|
| Provide wraparound services to meet the needs of the whole child | When students' basic needs (safety, food, mental health, clothing and shelter) are met they can perform and respond to academic demands. Teachers are able utilize various wrap around staff to support these basic needs. |
| Demonstrate academic growth amongst all students | Due to the fact 52% of our students are not on grade level in reading and math. Some are more than two grade levels behind, to ensure we celebrate all students' achievements it is critical to acknowledge the growth students and teachers are making as they work through their academic progression. |
| Maximize instructional time for all to provide engaging lessons that are aligned to the standards | Teachers need time to plan engaging and effective lessons, this time is the cornerstone of PLC. This time is made possible by having specials. PLC with instructional coaches allow teachers to review standards and internalize the information to maximize the instructional periods |

Discussion of Budget Allocation

EXECUTIVE SUMMARY

This budget represents an investment plan for our school's students, employees and the community as a whole.

The budget recommendations are tied directly to the school's strategic vision and direction.

The proposed budget for the general operations of the school are reflected at \$6.5 million

This investment plan for FY25 accommodates a student population that is projected to be 372 students, which is an increase of 22 students from FY24.
