# Data Dashboards- APSViz

- How we put data in your and your leadership team's hands
- Principals, Asst. Principals, Counselors, Registrars, Instructional Coaches, Specialists & CLL leadership
- Linked to your active directory so you will see just your data unless there is a comparison view

# APSViz.com

A collage of various data visualization charts and reports, including bar charts, line graphs, scatter plots, and tables, arranged in a layered, overlapping fashion. The charts display different types of data, such as performance metrics, trends over time, and comparative analysis. One prominent chart shows a line graph with a positive slope, while others show bar charts with multiple categories. The reports include text and data tables, providing a comprehensive overview of the data analysis capabilities of APSviz.com.
