

USA Test Prep provides EOC Test prep resources for students. Online prep materials include games, puzzles, videos, and enhanced technology activities – all aligned to Georgia State Standards. This is a free resource available to all students enrolled in Atlanta Public Schools.

For students enrolled in a Milestones/EOC course, the EOC assessment is your final exam and is worth 20% of your final grade. Your EOC assessment score will be averaged into your course grade at the close of the Semester.

Your school (i.e Mays, North Atlanta, Grady etc...) will administer your EOC. Please see the dates below.

If you would like to take advantage of this resource, please create an account using the directions below. Please note that activities completed via this site are supplemental and will not be averaged into your course grade.

**Additional Practice Resource:**

\*\*\*The USA Test Prep website allows students to create an account to access test prep materials.

Website: <http://www.usatestprep.com/create-account>

1. Create an account
2. Account ID: **Provided by School**
3. Student Code: **Provided by School**
4. Create an account \*\*\* Use your Network ID and Lunch Number, so that you will remember the login information.
5. Login in your account, using your newly created login information and the Account ID: **Provided by School**
6. Click "Join a Class".

**Classes To Join**

See Courses below

7. Start practicing for your EOC
