

E-SPLOST 2022 | Community Engagement

Overview & Engagement

JULY 2021

PURPOSE

To provide a E-SPLOST 2017 review and update and engage the community on priorities for E-SPLOST 2022

TAKEAWAY

Understand the current state of the district's infrastructure and share feedback on challenges and priorities.

AGENDA & INTRO

Welcome and Introductions

E-SPLOST (Educational Special Purpose Local Option Sales Tax) Overview

- Background & Current State
- Community Engagement

When you hear
E-SPLOST, what do
you think of?

NORMS

Remember to keep in mind our focus on equity

Student voice—Putting students first

Be engaged and fully present

Let's stay on topic

Start on time and end on time

Remember to...Mute when not talking.

E-SPLOST OVERVIEW

WHAT IS AN E-SPLOST?

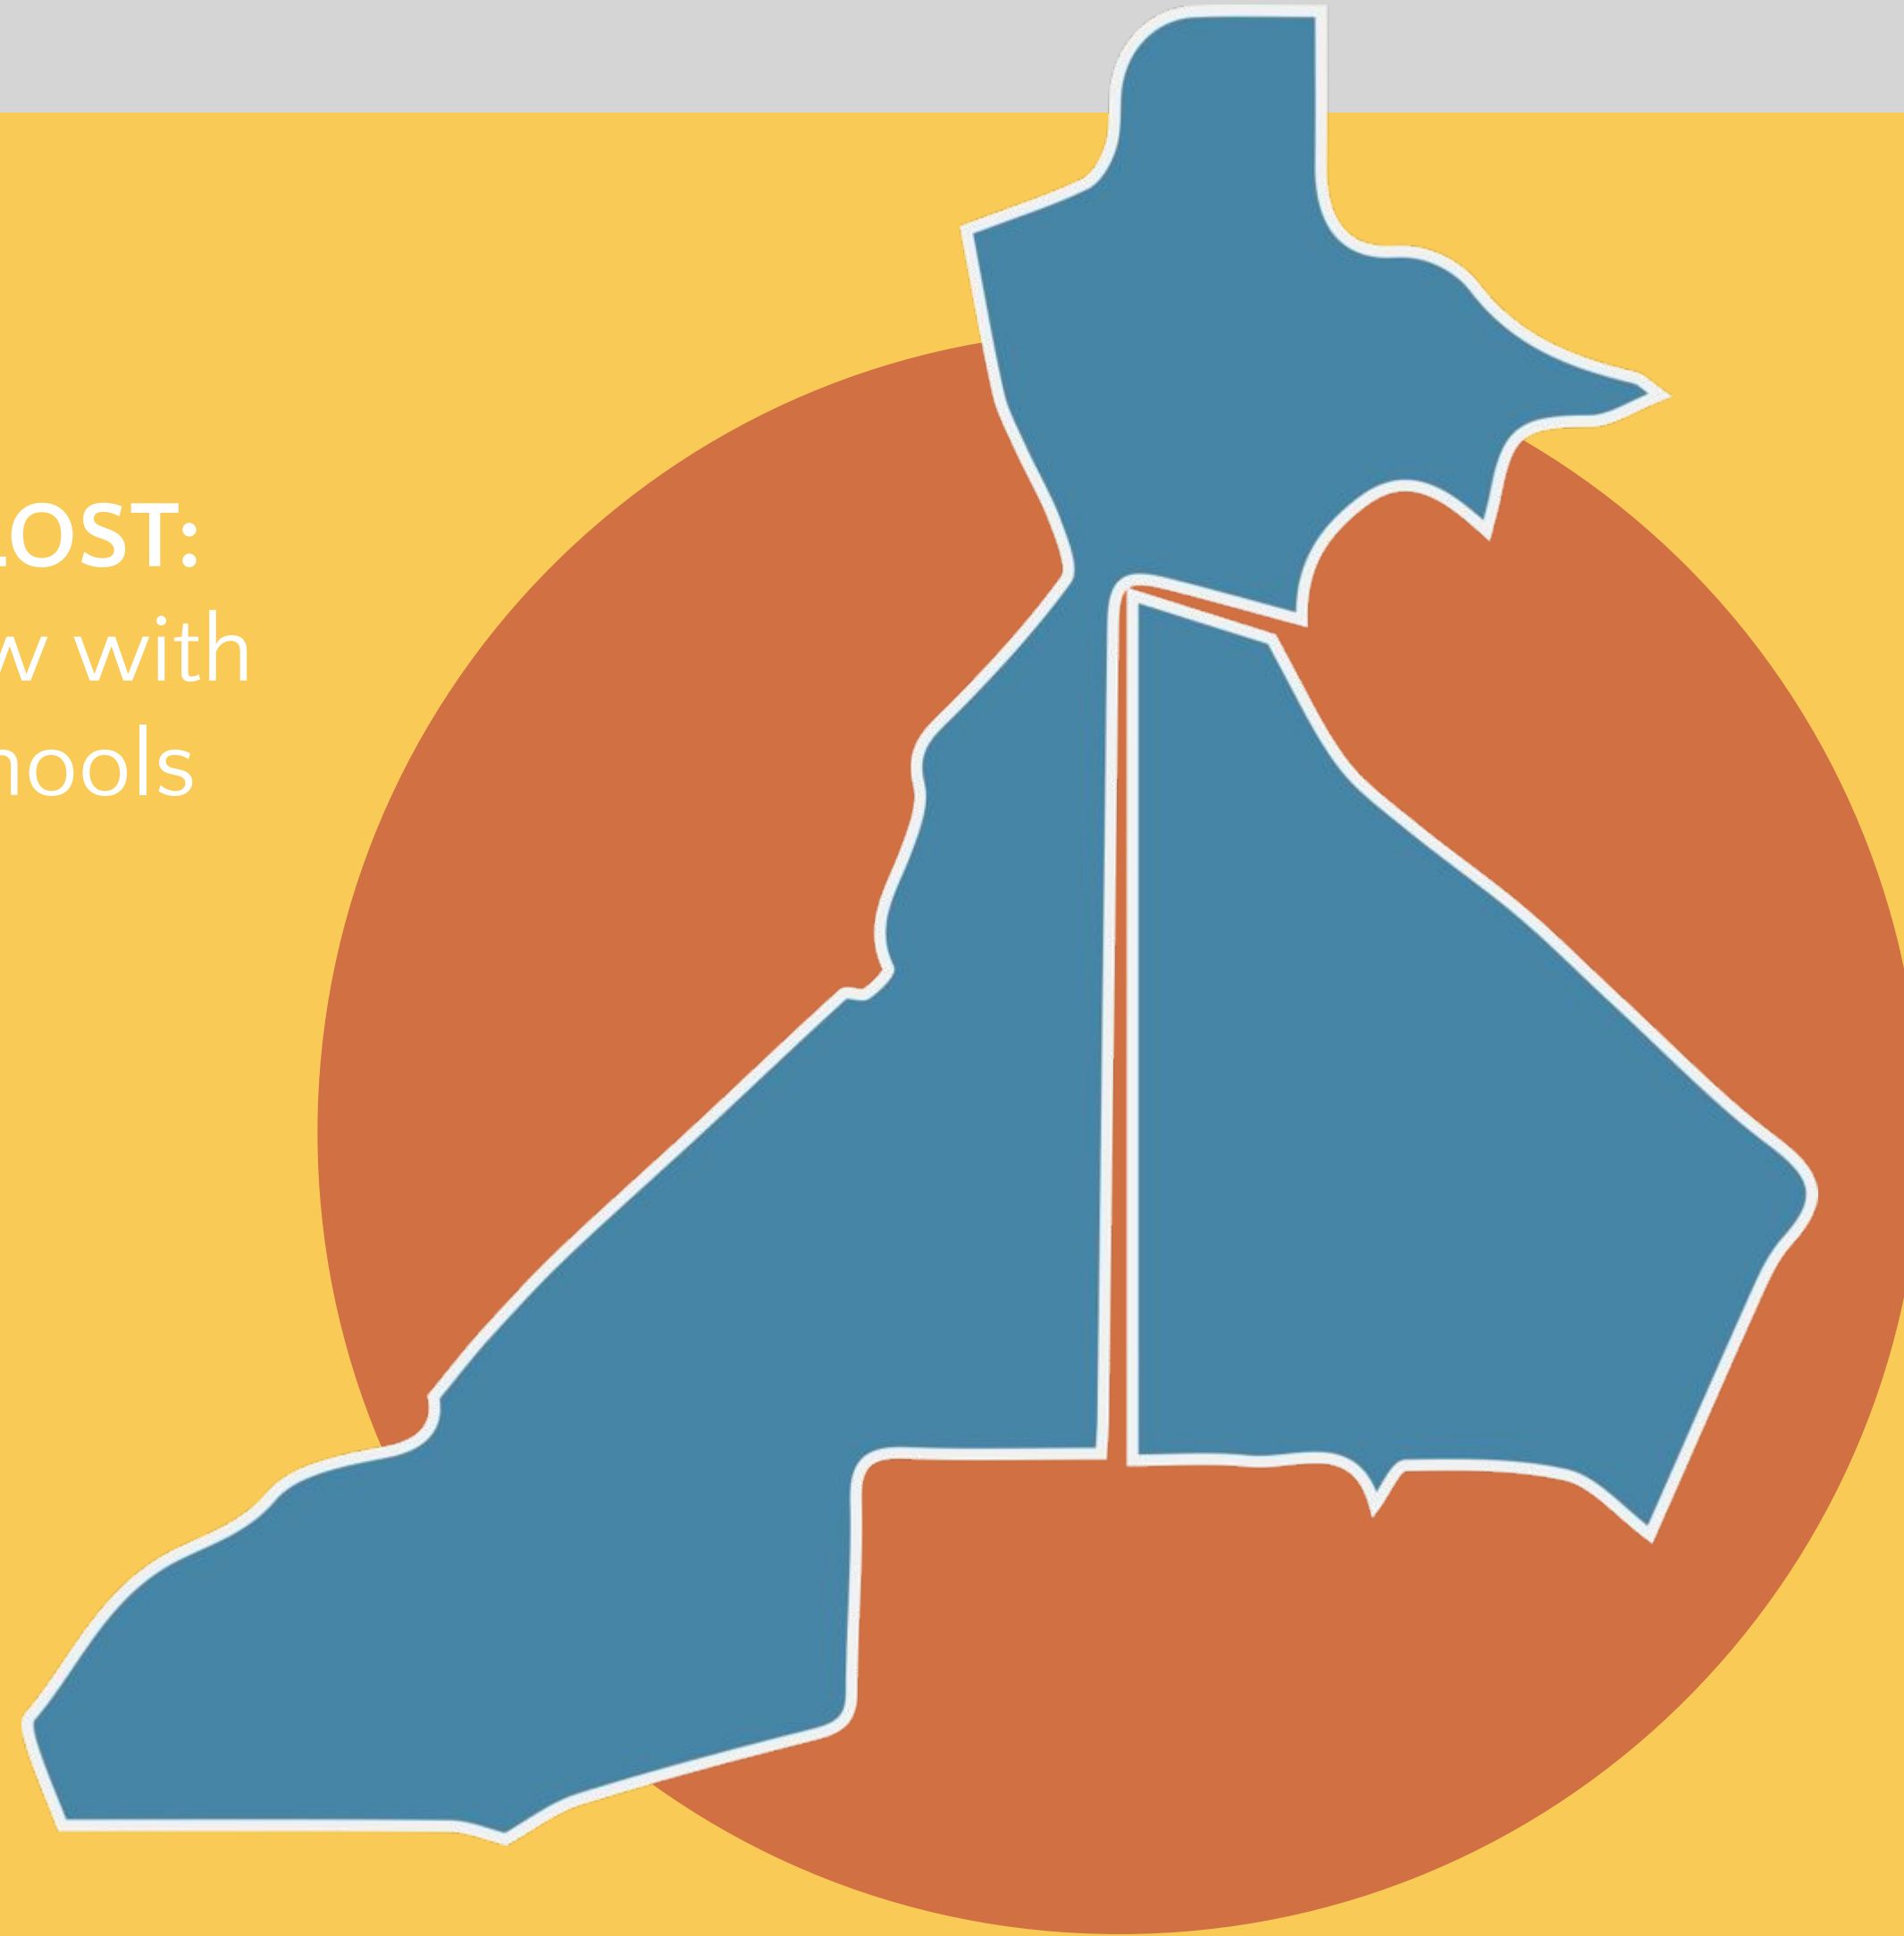

It is a **one-cent sales tax** on all retail purchases. This means that everyone who makes a purchase in the school district county, including visitors, contributes to the support of local schools. By law, an E-SPLOST can only be used for certain capital projects, such as **buildings, furnishings, computers, and buses**. E-SPLOST funds cannot be used for the day-to-day operational expenses of a school district (eg. staff, consumables, etc.).

BACKGROUND

Atlanta Public Schools' current E-SPLOST was approved by voters in May 2016 and will expire in June 2022. In order for the district to continue to receive the one percent sales tax revenue for capital projects in July 2022-June 2021, voters will need to approve a renewal of the E-SPLOST in the **November 2021 election**. If voters approve the 2022-2027 E-SPLOST, it is estimated that **up to \$650.8 million** would be approved for APS classrooms, facilities, and operations.

APS PARTICIPATES IN E-SPLOST REFERENDA IN 2 COUNTIES

Fulton County E- SPLOST:
APS is coupled by law with
Fulton Co. Public Schools

DeKalb County E-SPLOST:
APS is coupled by law with
DeKalb Co. Schools and
Decatur City Schools

E-SPLOST OVERVIEW

HISTORY

Below is a breakdown of the authorizations and expenditures for previous E-SPLOSTs.

E-SPLOST	Referendum Authorization	Actual/Projected Receipts	Receipts As a Percentage of Authorization
1997	\$450.0M	\$448.5M	99.6%
2002	\$541.0M	\$463.9M	85.7%
2007	\$572.8M	\$424.9M	74.2%
2012	\$519.4M	\$454.8M	85.2%
2017	\$546.3M	\$490.1M*	89.7%*

*Projection as of April 2021

E-SPLOST OVERVIEW

INVESTMENTS

Investments that have mattered for kids

- 90 school renovated buildings
- 43 major infrastructure projects
- 25 newly constructed buildings/stadiums
- 30 critical building HVAC Projects
- 10 newly constructed playgrounds (addressing equity issues)

E-SPLOST AREAS OF FOCUS

AREAS OF FOCUS

Facilities: Major & Other Projects

Construction & Renovation; Demolition; Property Acquisition; Program Management

Facilities: Infrastructure

General Infrastructure; School Furniture Fixtures & Equipment; Break/Fix; Electrical Switchgear; Generators; Grease Traps; HVAC Program; Roof Program

Technology

Devices; Wireless Access Point Upgrade; Auditorium Upgrades; Replacement of School Signs; LED Panels for Classrooms; Network Switch Replacements

Athletics

Field House Upgrades; Tracks; Turf; Scoreboards; Bleachers

Transportation

Operations/Vehicle Replacement; School Bus Replacement; On-board Cameras; Shop Equipment & Tools

Safety & Security

Equipment (eg. cameras, computers, intercoms, alarms, body-worn cameras); School Security Vestibules; Dispatch Center Upgrade

Nutrition

Kitchen Equipment ; Cafeteria Furniture

Debt Service

Certificates of Participation (COPS) for North Atlanta High School

E-SPLOST 2017

Breakdown of E-SPLOST 2017

1. **New Construction and Renovation of Schools** \$274,865,887
2. **Upgrading Building Infrastructure and Systems** \$94,932,156
3. **Upgrading Security & Safety Systems** \$6,000,000
4. **Surplus / Vacant Building Demolition** \$2,000,000
5. **Upgrading Athletic Fields and Playgrounds** \$9,100,000
6. **Upgrading Technology Infrastructure & Educational Support Equipment** \$47,000,000
7. **Vehicle Replacement Refresh** \$16,300,000
8. **Program Management** \$14,500,000
9. **COPS Debt Liquidation** \$35,800,000

Total Projected Investment: \$500,498,043

E-SPLOST 2017: Facilities

MAJOR CONSTRUCTION & RENOVATION PROJECTS

Walden Athletic Complex (June 2018)

Harper-Archer ES (July 2019)

Beecher Hills ES (July 2019)

Gideons ES (July 2019)

Tuskegee Airman Global Academy
(July 2019)

E-SPLOST 2017: Facilities

MAJOR CONSTRUCTION & RENOVATION PROJECTS

Atlanta College & Career Academy
(July 2020)

Hollis Academy (July 2020)

Hutchinson ES (July 2020)

Howard MS (July 2020)

Woodson Park Academy
(October 2020)

E-SPLOST 2017: Facilities

PROJECTS IN PROGRESS

E-SPLOST 2017: Facilities & Athletics

REMAINING SPLOST 2017 PROJECTS

Construction and Renovation

Field Houses

- Jackson HS
- Mays HS
- Therrell HS
- Washington HS

High Level Timeline

- Design, permitting, securing Construction Manager: May 2021 - Dec 2021
- Estimated construction start: Jan 2022
- Estimated construction completion : August 2022

Infrastructure

- Turner Kipp Collegiate– Roof Replacement (Jun 2021)
- Inman Facility – Roof Replacement (Aug 2021)
- Douglass HS – Cooling Tower and Boiler Replacement (Jul 2021 – Dec 2021)
- Lakewood Stadium --Concrete Restoration/Waterproofing (Aug 2021 – Feb 2022)
- Benteen ES –Comprehensive HVAC Upgrade (Anticipated Completion: Summer 2022)

E-SPLOST 2017: Technology

Student Devices

- ❑ Tab2Read Initiative – 7,500 iPads to first and second graders (FY18)
- ❑ T-Mobile Partnership – 8,000 Winbook devices to sixth, seventh and eighth graders (FY19)
- ❑ 4,000+ Chromebooks to ninth grade students (pre-pandemic, FY20)
- ❑ 40,000 devices to all APS students (traditional schools) – iPads to grades PreK & K; Touchscreen Chromebooks to grades 1 to 12 (FY21, FY22)
- ❑ 10,000 new hotspots to students (FY22)
- ❑ Initiatives are part-funded with CARES Act funds

Network/Wireless Upgrade

- ❑ Wireless augmentation in schools (gymnasiums, auditoriums, cafeterias, common areas etc.)
- ❑ Upgrade to older Meraki access point models in classrooms
- ❑ Wireless installations in new school buildings
- ❑ Increase in network capacity to support significant increase in student devices

Interactive Technology

- ❑ 1,500+ LED panels installed districtwide
- ❑ Targeted removal of older Promethean boards
- ❑ LED panels with 5-year support built into the contract for each board.
- ❑ Worked directly with schools, foundations, PTAs etc., to purchase additional panels when possible
- ❑ Introduction of instructional software platforms to aid teachers
- ❑ 86" LED panels

E-SPLOST 2017: Transportation, Safety & Security, & Nutrition

Transportation

Vehicle & Bus Replacement, On-board
Cameras; Equipment

Nutrition

Kitchen Equipment ; Cafeteria Furniture

Safety & Security

Safety & Security Equipment (eg. cameras,
computers, intercoms, alarms, future
systems); Security Vestibules

State of the District's Physical Infrastructure

The background image shows a professional setting, likely an architectural or engineering office. In the foreground, a wooden table is cluttered with various items: two large rolls of white paper (blueprints), a pair of black-rimmed glasses, a yellow highlighter, a black compass, a silver pen, and a yellow hard hat. In the background, several people are visible, some holding and looking at large sheets of paper, suggesting a collaborative work environment. The overall scene conveys a sense of active planning and infrastructure management.

2019-2020 Facilities Condition Assessment was completed by Parsons Corporation, one of the world's largest engineering, construction, technical and management services firm in partnership with MGT of America, Incorporated, a facilities master planning, facilities assessments, and space utilization company.

BIG PICTURE OBSERVATION

Atlanta Public Schools has achieved an overall district-wide FCI score of 11.76% (**FCA Score of 88.24**) which falls within the "Good" rating developed by Parsons and based on our national experience with publicly-funded institutions like K-12 schools. APS improved a full percentage-point since the 2015 assessment. This is a notable achievement, especially for a major urban district. — Parsons Corporation, 2019-2020 APS Facilities Condition Assessment

VOTERS WILL DECIDE ON RENEWING E-SPLOST IN NOVEMBER 2021

COMMUNITY ENGAGEMENT

Community-wide Survey (Now through August 13th) :

<http://tinyAPS.com/?ESPLOSTSurvey>

Website for Resources:

www.atlantapublicschools.us/ESPLOST

First Round of Community Engagement

July 15th, 6pm-7:30pm (Carver, North Atlanta, & Washington Clusters)

July 20th, 6pm-7:30pm (Mays, Midtown, & Therrell Clusters)

July 22nd, 6pm-7:30pm (Douglass, Jackson, & South Atlanta Clusters)

Second Round of Community Engagement

September 20th, 6pm-7:30pm (Douglass, Jackson, & South Atlanta Clusters)

September 21st, 6pm-7:30pm (Carver, North Atlanta, & Washington Clusters)

September 23rd, 6pm-7:30pm (Mays, Midtown, & Therrell Clusters)

A wide-angle photograph of a modern school hallway. On the left, a brick wall is partially visible next to a large window that looks out onto another brick building. In front of the window are two small round tables with blue chairs. The hallway floor is highly reflective, showing the ceiling lights and the lockers on the right. On the right side of the hallway, there is a long row of silver lockers. Above the lockers, a round analog clock is mounted on the wall. At the end of the hallway, a wooden door with a vertical glass pane is visible. The ceiling is white with recessed lighting.

QUESTIONS

A photograph of a modern classroom. The room features large, multi-paned windows that offer a panoramic view of a city skyline, including several tall skyscrapers. The classroom is furnished with light-colored wooden tables and blue plastic chairs. On the left side, there is a blue wall with a whiteboard and a desk area. The floor is made of light-colored wood. The overall atmosphere is bright and airy due to the natural light from the windows.

Total	100%	\$816.2M

*GDOE official October 2019 FTE counts. Official October 2022 FTE counts will be used to determine SPLOST 2022 revenue distributions

FACILITIES CONDITION INDEX

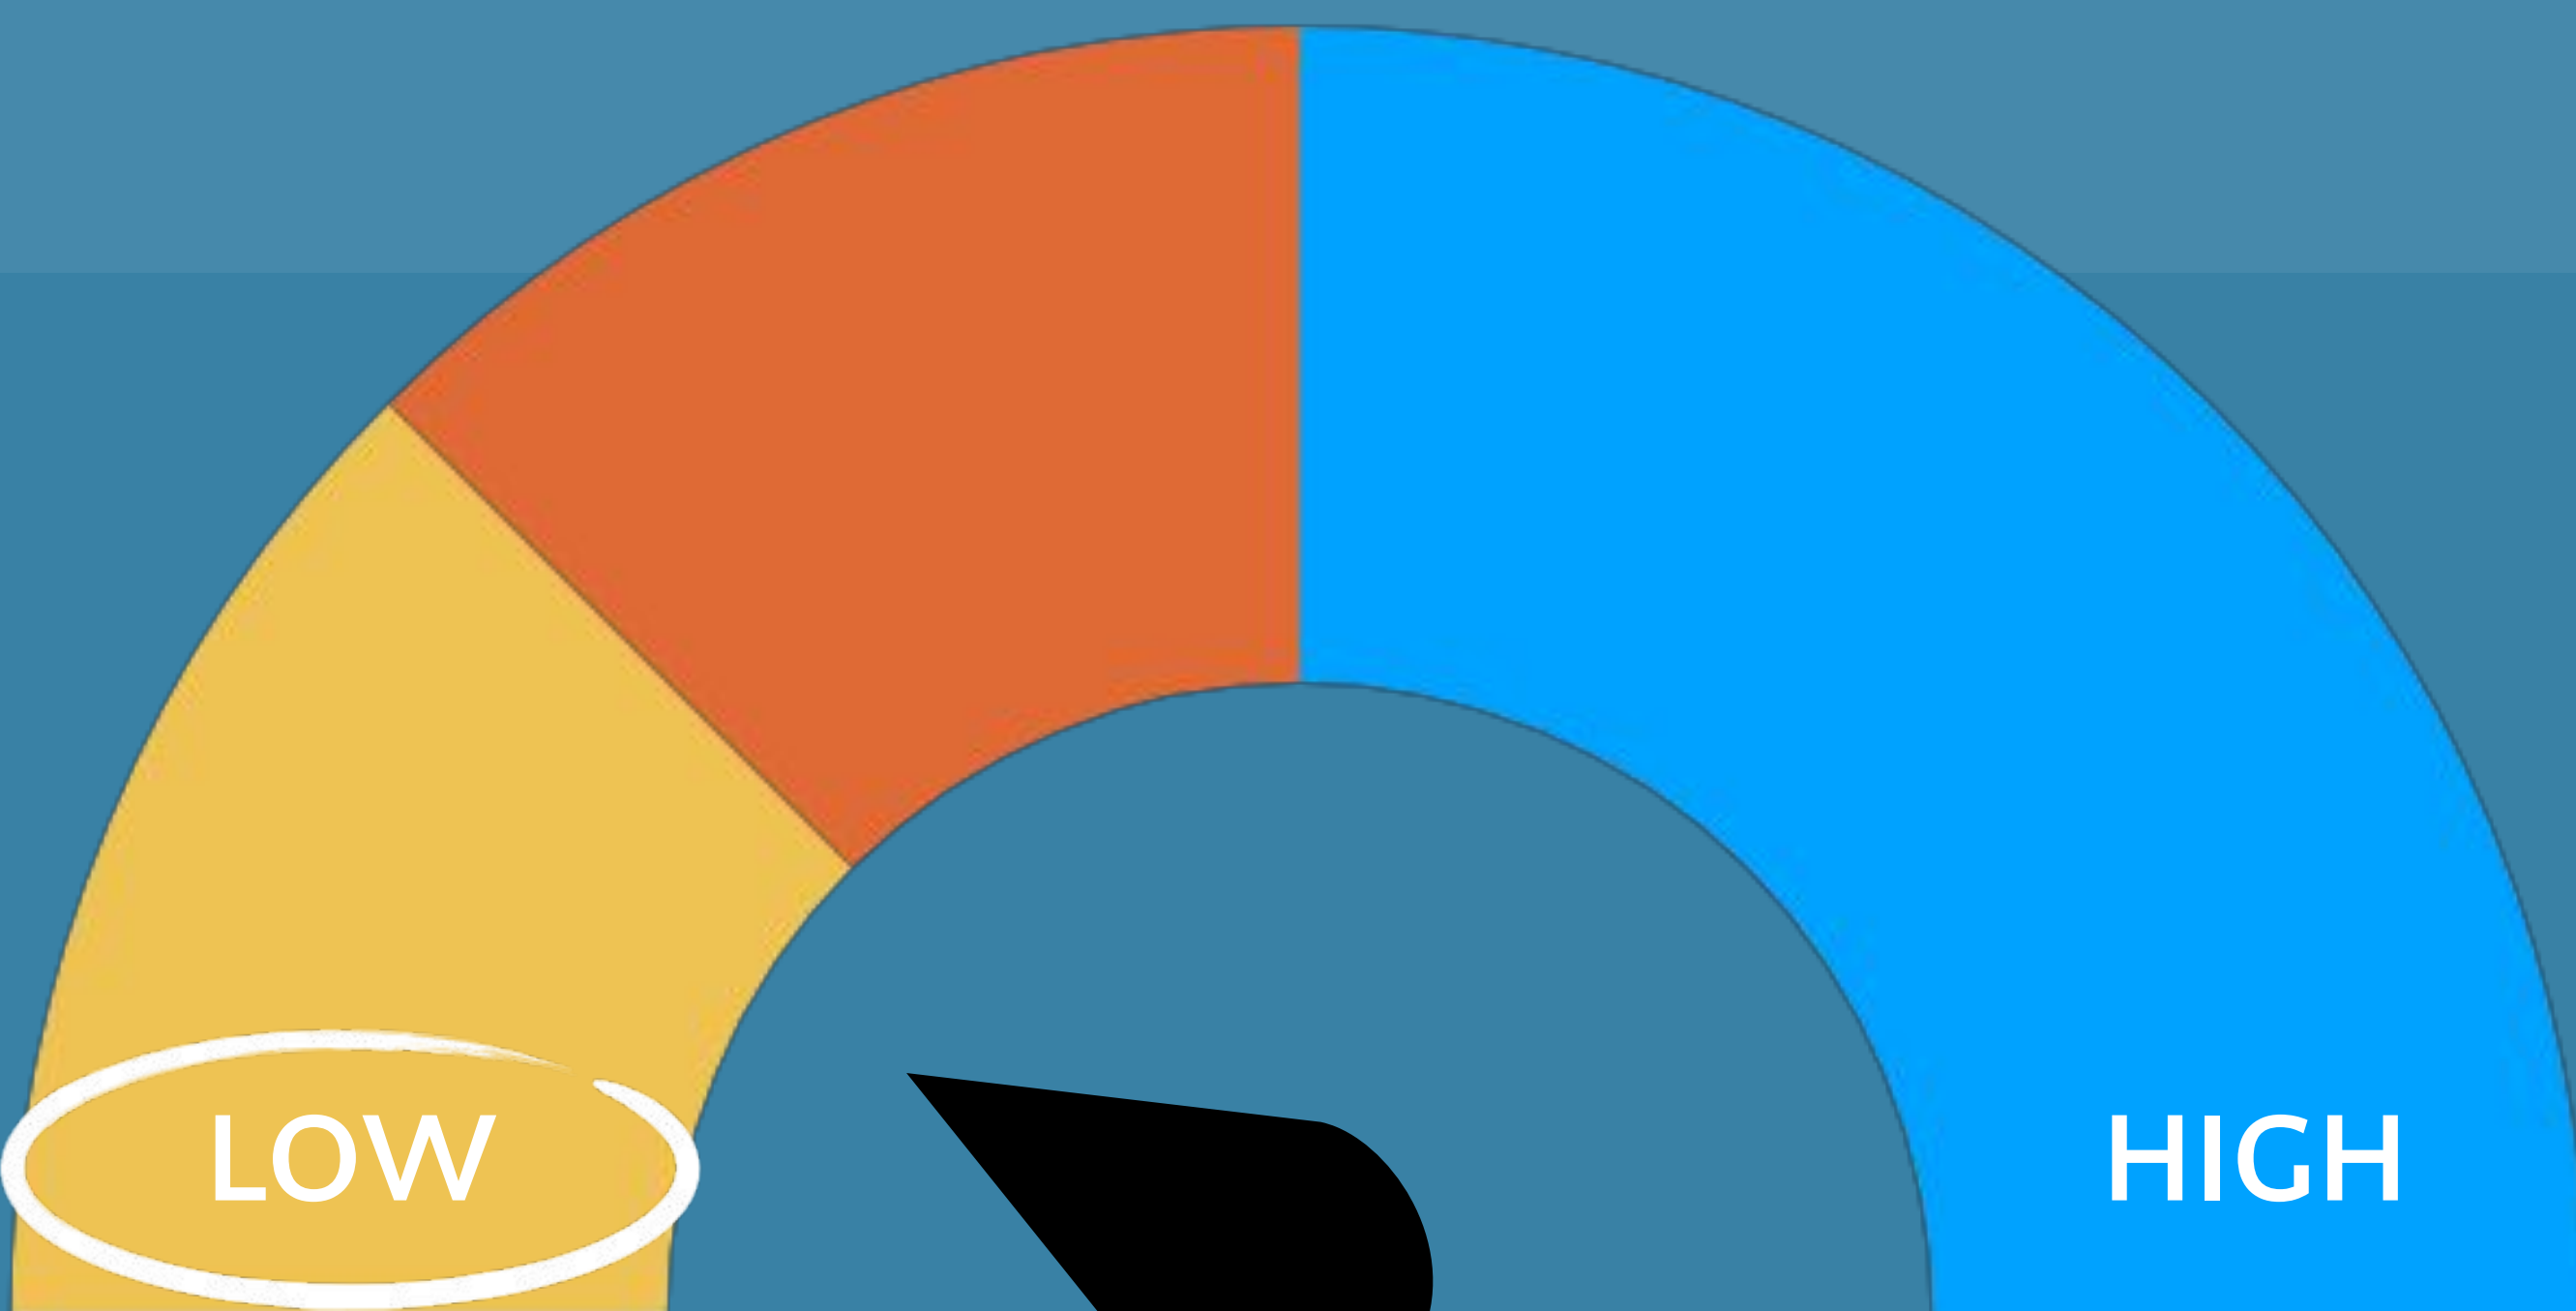

The FCI is calculated by summing the estimated costs to replace all the component building and site systems that have reached their expected life-cycle or “expiration date” and dividing that total by the overall replacement value of the entire school or facility (the cost to rebuild the same facility in today’s market).

FCI =
$$\frac{\text{(Repair Costs + Renewal Costs)}}{\text{Current Replacement Cost}}$$

RATINGS

- Good:** 0–15%
- Fair:** 15.01 –30%
- Poor:** 30.01 –100%

Lower FCI scores indicate better relative condition.

SUITABILITY SCORE

The Suitability Score is made up of many data points that measure or rate the features of spaces and the overall facility by how well they meet the district's educational specifications and support the educational programs and activities in each school.

DATA POINTS:

Environment: the room is inviting and stimulating

Size: the room meets square footage standards

Location: the room is appropriately located for the program

Storage/Fixed Equipment: there is adequate storage space and fixed equipment appropriate to the program

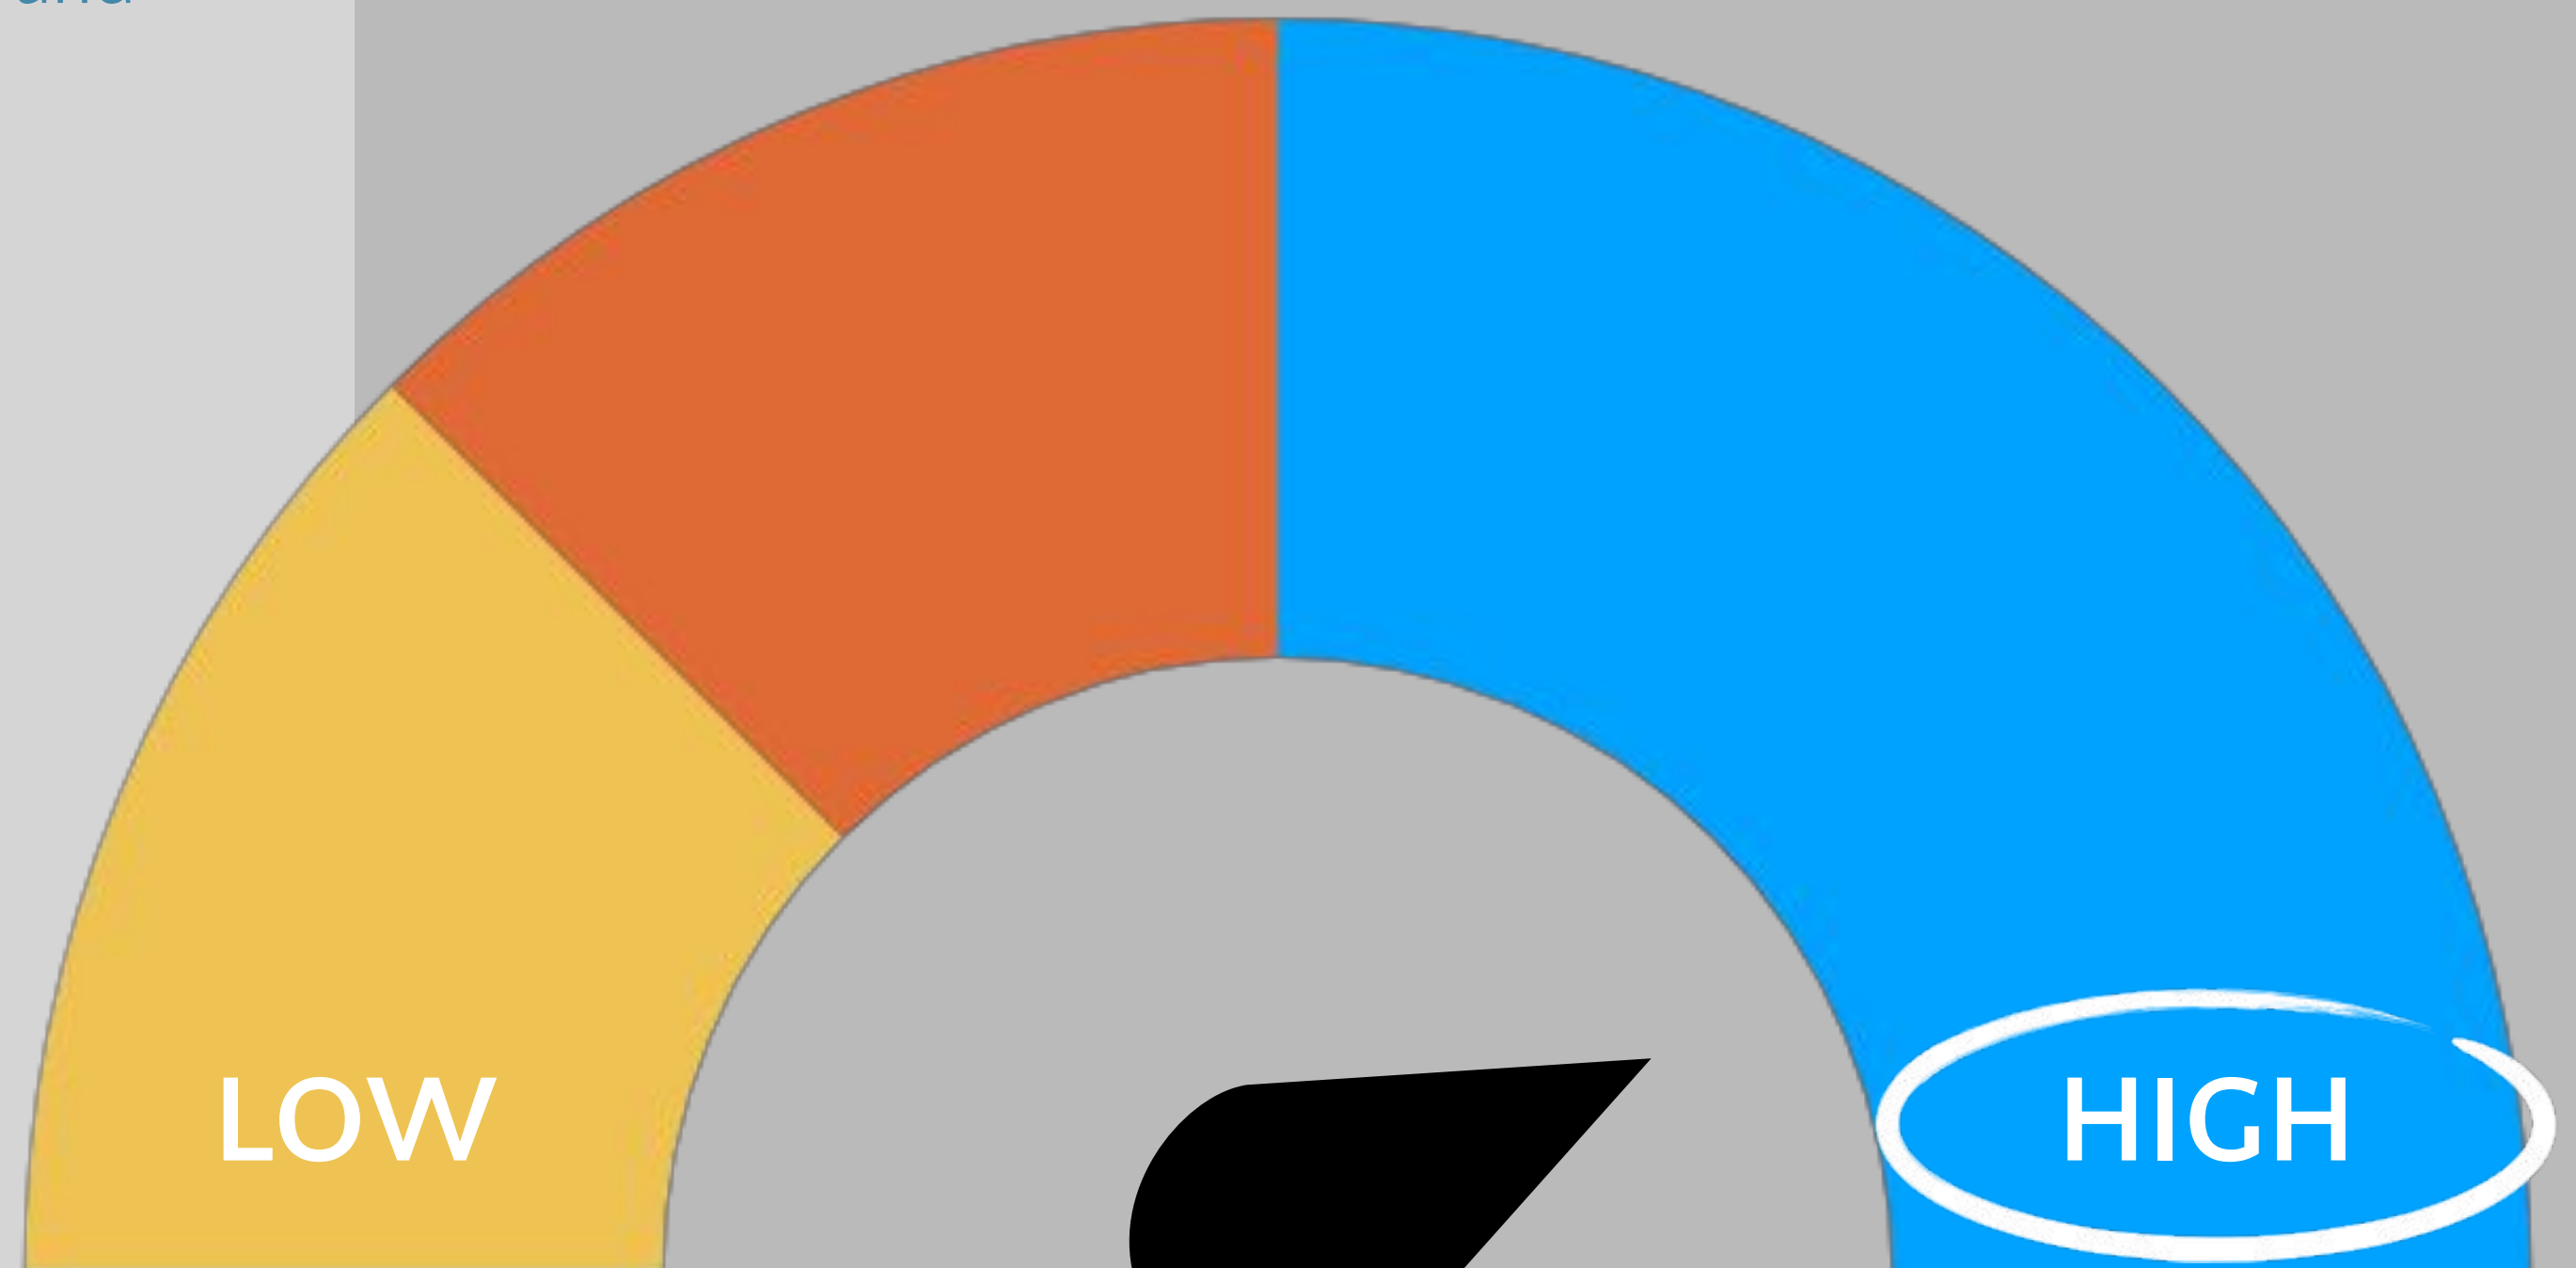

Suitability Score is based on a 100 point scale developed as a percentage of possible points for all suitability categories.

Higher scores indicate better suitability.

BUILDING CONDITION SCORE

Building Condition Analysis is a review of the current maintenance needs of all the major building systems – roof, plumbing, heating, etc. noting any deficiencies. Condition scores are based on the assessed remaining useful life of the identified components.

Higher Scores = Better Condition (fewer components nearing end of life cycle).

SCHOOL SCORE

The School Score is a composite of two component scores: **Building Condition** and the **Suitability Score**. To create the combined score the condition score was weighted at 60% and the educational adequacy or suitability score was weighted at 40%. The combined score provides a comprehensive picture of the conditions that exist at each school and how each school compares relative to the other schools in the district.

SCHOOL SCORE

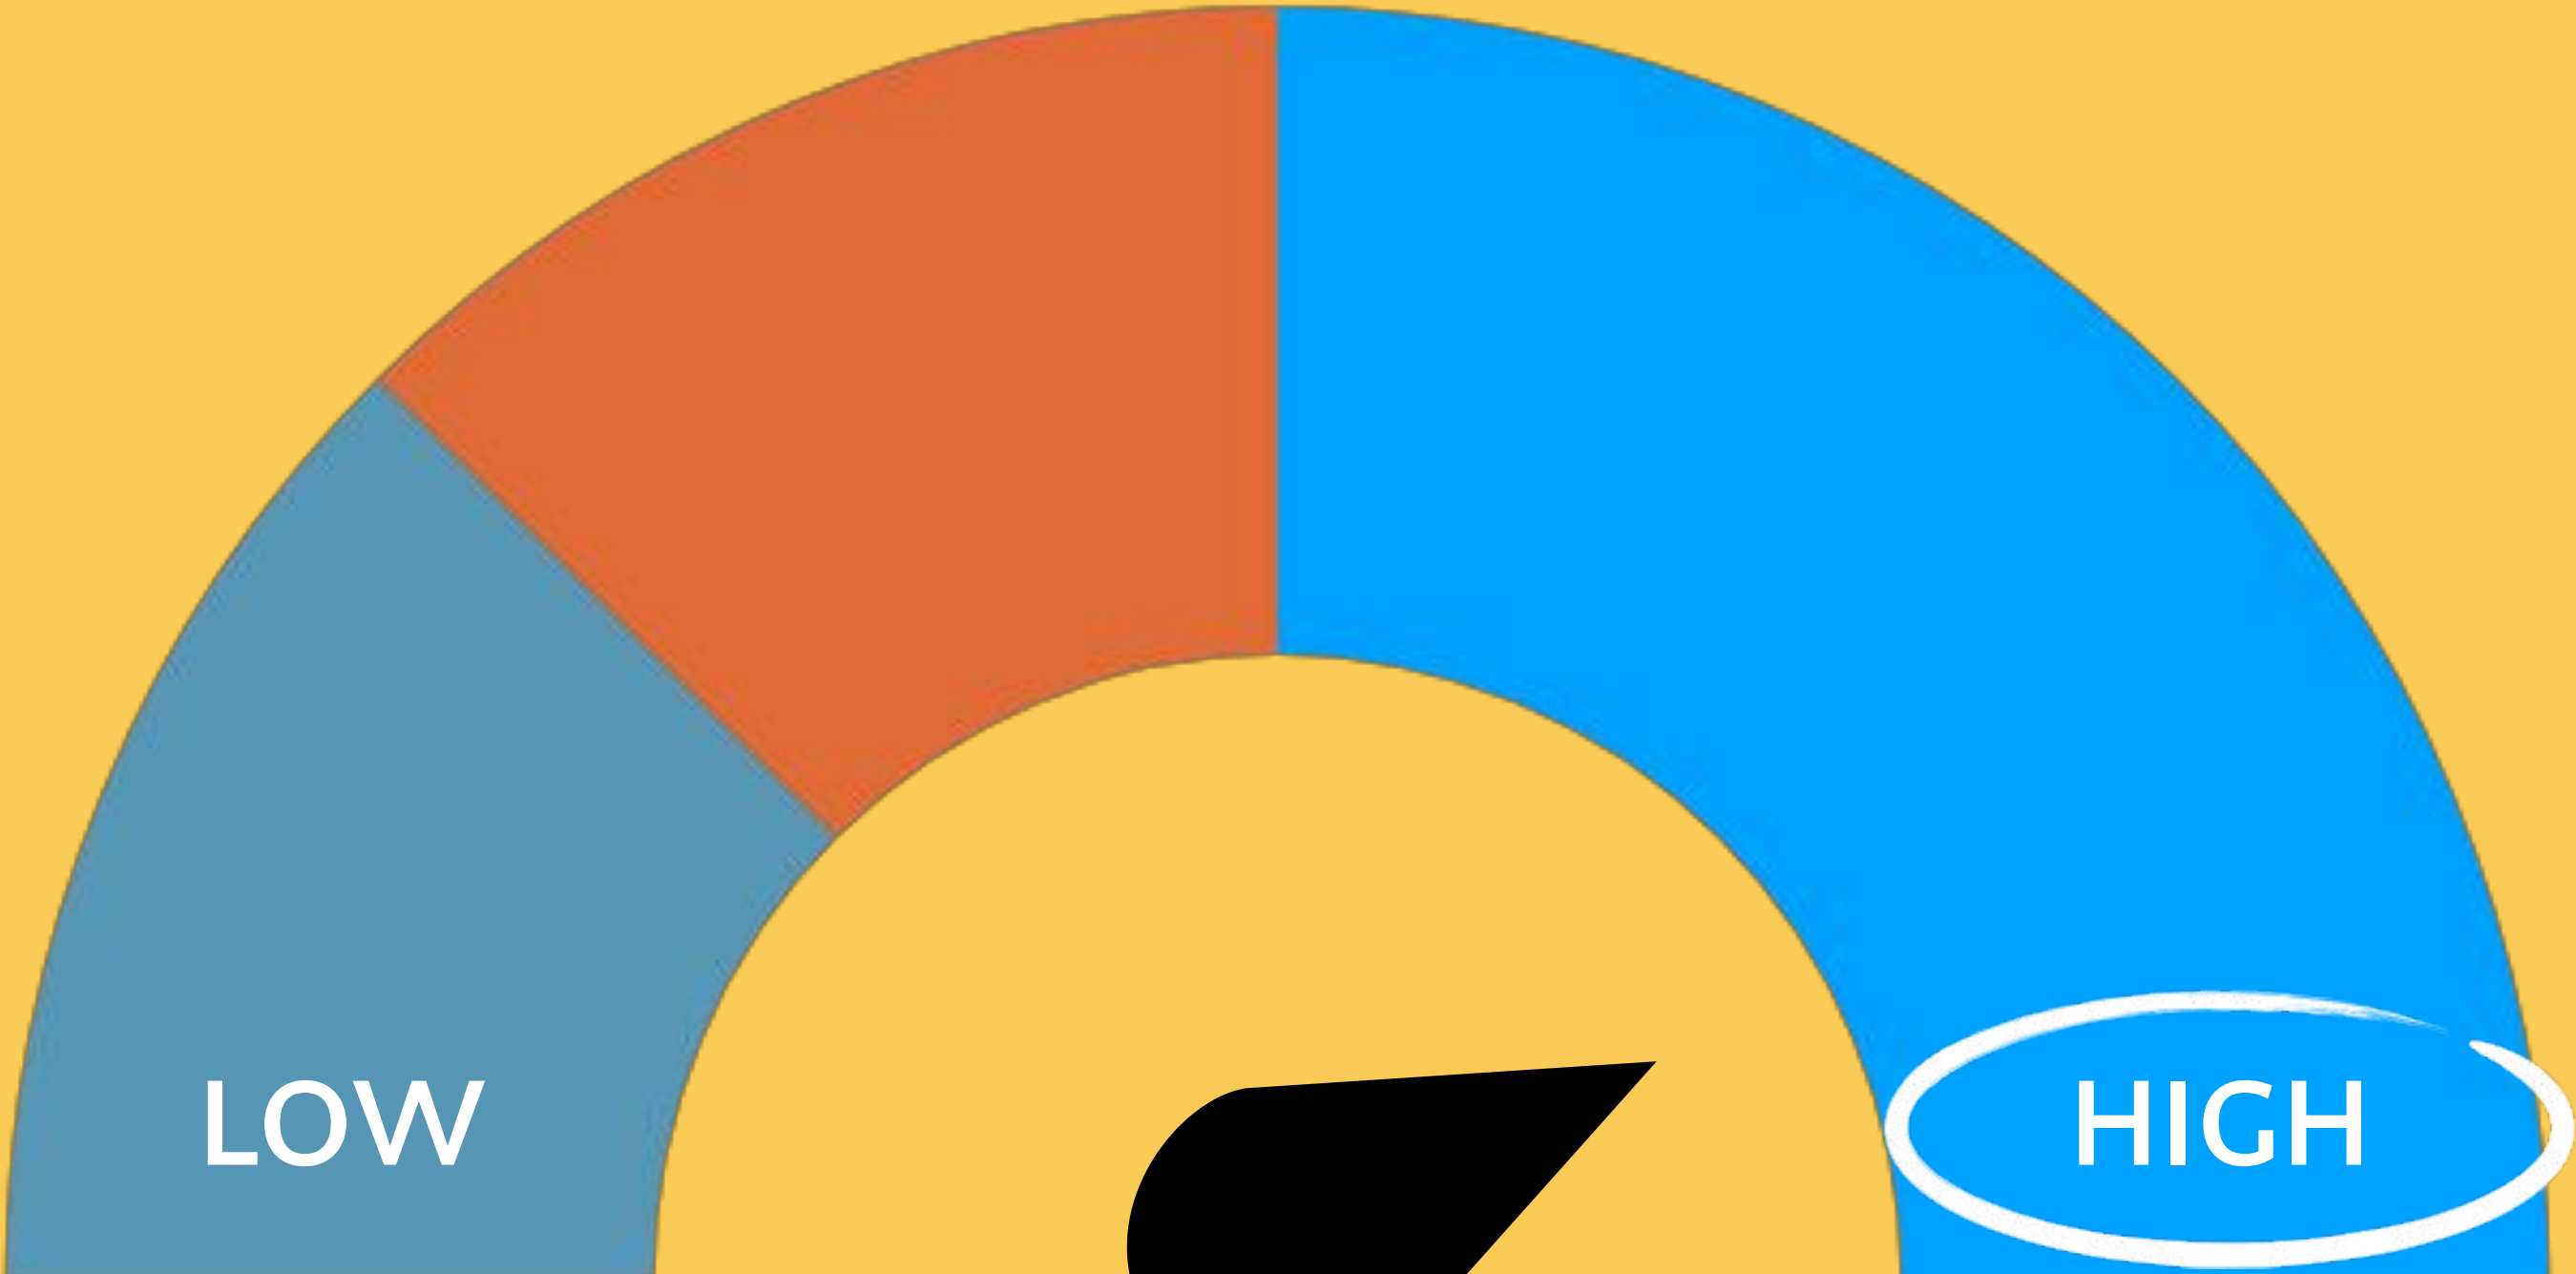

=

(Condition Score * weighting factor of 60)

+

(Suitability Score * weighting factor of 40)

The higher the score the better.

FAILURE TO INVEST WILL RESULT IN INCREASED FACILITY DEFICIENCIES

Failing to invest will result in an overall district FCA score of **65.86** by the end of the 2022 SPLOST cycle (June 2027).

FACILITIES: MAJOR AND OTHER PROJECTS

CONSTRUCTION & RENOVATION:

New construction, additions or major renovation of school facilities

ATHLETICS FACILITIES:

Construction and renovation of stadiums, field houses, bleachers, and athletic support facilities. Replacement and upgrades to turf fields, tracks, scoreboards and related assets.

DEMOLITION:

Demolition of surplus buildings, abatement of hazardous, and related work.

PROPERTY ACQUISITION:

The purchase of strategically located properties to facilitate ongoing or potential capital improvement projects.

PROGRAM MANAGEMENT:

Professional services as needed to provide project/program management support as well as portions of salaries of in-house staff.

FACILITIES: INFRASTRUCTURE

GENERAL INFRASTRUCTURE:

Replace critical major building systems and components including HVAC, plumbing and roofs.

BREAK / FIX:

Replace or repair capital building components as they age out to maintain a safe and conducive learning environment.

ELECTRICAL SWITCHGEAR:

Replace and or upgrade aging electrical service components to ensure safe and stable power to building systems and instructional technology.

FURNITURE FIXTURES AND EQUIPMENT (FFE):

Replace aging furniture and casework in schools to maintain an appealing and comfortable learning environment.

GENERATORS:

Install generators at schools that currently do not have one and complete cyclical replacements where necessary.

GREASE TRAPS:

Replace grease traps and support systems to enhance maintenance and to ensure compliance with current codes and environmental requirements.

HVAC PROGRAM:

An initiative focused on critical HVAC replacements.

ROOF PROGRAM:

An initiative focused on critical roof replacements.

TECHNOLOGY

IT Infrastructure:

Servers, Storage, Power Supplies, Phones

Instructional Technology:

Technology/Classroom Management Solutions;

IT Service Delivery:

Devices for Teachers & School Staff; Devices for Students,
Auditorium Upgrades; LED Panels for Classrooms;
Replacement of School Marquee Signs

IT Security & Network:

Wireless Access Point Upgrade; Firewall Upgrades; Network
Access Control

IT Applications:

Lawson Implementation Services

IT Architecture Operations:

Server Clusters & Backup

TRANSPORTATION

Operations/Vehicle Replacement:

Transportation replacement of selected white fleet support vehicles based upon age and cost history.

School Bus Replacement:

To ensure that the bus fleet is refreshed on a cyclical basis, new school buses, both regular and buses specified for students with disabilities are slated for purchase.

Replace the internal on-board surveillance camera systems on school buses (bus cameras that capture activity):

The current system is meeting the manufacturers recommended life-cycle and this purchase will continue to ensure that reliable camera systems on buses are ensuring the safety of students.

Various shop equipment purchases for the new Northwest Transportation compound.

Shop tools are needed to build this facility out.

SAFETY & SECURITY

Safety & Security Equipment:

Replacements and Upgrades for the following:

Computer Servers (Infrastructure for CCTV, card access and all other systems network driven)

Cameras (indoor/outdoor/special purpose)

Door Stations (Doorbell cameras connected to office phones allowing remote release for entry)

Access Control (Badge readers/boards/sensors/door strikes/ solenoids/other components)

School Intercoms (Head-end/ phones/ speakers/ classroom call buttons/ boards/ other components)

Fire Alarm Systems (Fire panels/ strobes/ speakers/ pull stations/ system monitors)

Intrusion Alarm Systems (Panels / motion sensors / door contacts/ horns/ other components)

School Clocks (Digital or Analog synchronized systems)

Potential Future Systems [under study] LPR – License Plate Reader Camera Systems. Ballistic Resistance Glass Laminates. Emergency Communication Systems – CENTEGIX, other.

Note: Some installations may require vendor costs for: underground trenching and/or boring, special scissor lifts, bucket trucks, or other specialized equipment)

Dispatch Center Upgrade:

Bring the center up to industry standards

Body Worn Cameras:

Upgrade and refresh

NUTRITION

Kitchen Equipment Replacement:

- Walk-in refrigeration upgrades due to changes in regulatory standards
- Kitchen equipment replacement due to age
- Kitchen equipment replacement due to new construction or renovation of kitchen
- Walk-in temperature monitoring system upgrades due to replacement of the current system
- Reach-in blast chiller equipment to support emergency meal production

Cafeteria Furniture Replacement:

TBD

DEBT SERVICE

Certificates of Participation (COPS) for North Atlanta High School:

Outstanding debt for a 2011 issue for the construction and renovation of North Atlanta High School. Debt payments will go through 2027.
