

MORNINGSIDE ELEMENTARY SCHOOL

Neighborhood Update 5.24.2021

ABOUT THE PROJECT

Over the next 16 months, Parrish Construction Group will be adding a two story gym addition to the Morningside Elementary School along with extensive interior renovations such as relocating and enlarging the cafeteria and kitchen, updating all existing finishes, and revitalizing the existing courtyard spaces. Parrish will be posting periodic updates on an APS website for your reference. This newsletter and periodic updated newsletters can be accessed by utilizing a QR code that will be posted in various places along the construction fencing.

UPCOMING CONSTRUCTION

WORK ACTIVITIES INCLUDE:

- Continued demolition and cleanup of three portable trailers
- Approved tree removal
- Existing gym demolition
- Stormwater structures being delivered

POTENTIAL TRAFFIC IMPACTS:

- During removal of trailers and the existing gym building, you will notice heavy equipment being delivered frequently entering and exiting the jobsite.

NOISE IMPACTS:

- Large equipment back-up alerts
- Noise associated with the tear down of the building using heavy equipment
- Anticipate noise intensity increase at times

We will continue to diligently work to minimize disruptions to the neighborhood including adhering to the City of Atlanta noise ordinance. Any noise variance will be limited and notification will be provided to the community in advance. If you have any questions or concerns, please feel free to contact us.

We look forward to cutting the ribbon of this beautiful learning facility for the Morningside Elementary School students that will serve as a point of great pride for the community. Thank you for your patience and for your support of this project, Morningside Elementary School, and Atlanta Public Schools.
