

An aerial photograph of Midtown High School and its surrounding area. The school building is a large, multi-story structure with a flat roof. To the right of the school is a large, open field, likely a sports field, with a goal visible. In the background, a dense line of trees separates the school from a city skyline, which includes several tall buildings. The sky is clear and blue.

Weekly Construction Progress Report

Midtown High School
Week Ending: 5/7/2021
