## Academic Electives: AP Options

### Academic Elective: AP Human Geography

AP Human Geography is a college-level course that students to the systematic study of patterns and that have shaped human understanding, use, and Earth's surface. Students employ spatial concepts and landscape analysis to examine socio-economic and its environmental consequences. They use methods and tools geographers use in their applications.

Students should be able to read college-level texts and write in the conventions of Standard Written English.

### Academic Elective: AP Computer Science Principles

AP CSP is designed to be equivalent to a first-semester introductory college computing course, and offers a multidisciplinary approach to teaching the underlying principles of computation. The course will introduce students to the creative aspects of coding & programming, abstractions, algorithms, large data sets, the Internet, cybersecurity concerns, and computing impacts.

Requires strong math skills and a love of creative problem-solving.

While not officially a pathway, AP CSP is in a progressive series of Computer Science courses offered through our partnership with Georgia Tech.

- ➔ **Please note that while considered an academic course, taking an AP class will take an elective spot in a student's schedule.**
- ➔ **Students scoring Proficient or Distinguished on 8th grade Milestones are STRONGLY ENCOURAGED to take one of the AP offerings in 9th grade.**

## Academic/Curricular Pathways

---

- **International Baccalaureate Diploma Program (IBDP):** courses taken in 11<sup>th</sup> and 12<sup>th</sup> grade to complete Diploma Program. Most rigorous academic path.
- **International Baccalaureate Career-Related Program (IBCP):** combines two or more IB Diploma Program courses with a complete career-related pathway of study.
- **Advanced Placement (AP)/Honors/On-Level:** students can pursue any mix of these courses. AP are college-level courses available to *all* students beginning in 9<sup>th</sup> grade.
- **Early College (Dual Enrollment):** attend a public college to earn high school and college credit simultaneously; course fees, books, etc. are paid by program. Student must apply and be accepted to college.
